CARE BY LOVING STAFF

Camp J.B. Mac staff are carefully screened and many are trained in First Aid, CPR, Camp Nursing, Life-guarding, Communicable Disease Detection, in addition to the many require in-service training. Our low camper/counselor ratios provide your child with personal attention throughout the summer.

Each week of the summer presents an exciting theme, which coincides with field trips, arts and crafts, on-site visitors, and athletic events. Our Camp J.B. Mac Director and Youthland Academy Director are available to discuss your child's progress throughout the summer.

Camp J.B. Mac can handle all your school age summer planning needs... from six years to twelve years of age. Camp J.B. Mac offers reasonable prices and substantial discounts for second and third children from the same family. Share your child's day with us by consulting with your center director or camp counselor.

Camp J.B. Mac also encourages parent volunteers for off-site and on-site field trips. Our Academies offer transportation to and from camp each day with extended care at any participating Youthland.
